Introduction

Computer Science Engineering graduate with good knowledge of Java, Data Structures & Algorithms, SQL, and Object-Oriented Programming concepts. Experienced in developing academic projects and responsive web applications using Java, HTML, CSS, and JavaScript. Possess strong problem-solving abilities, teamwork, and a passion for learning new technologies and building user-focused software applications. Eager to contribute to software engineering teams in a collaborative and agile environment.

Education

Mohan Babu University, Andhra Pradesh
B.Tech in Computer Science and Engineering

July 2022 – May 2026

- CGPA: 8.84

Technologies

Languages: Java, HTML, CSS, Java Script, SQL

Data Structures and Algorithms: Good understanding of DSA concepts.

Developer Tools: Eclipse, Visual Studio Code, Git, GitHub, Canva, Google Colab

Project

AI Resume Analyzer — Java, Spring Boot, OpenAI API

- Built an AI-driven resume matching system that analyzes resumes against job descriptions and generates match scores, skill alignment, and improvement suggestions.
- Integrated OpenAI and Apache Tika to automate semantic analysis and multi-format file parsing (PDF/DOC/TXT).
- Designed a modern UI with visual scoring, matched skill indicators, and fallback heuristic logic for offline or no-quota scenarios.
- Implemented modular MVC architecture with clean separation between parsing, AI processing, and UI layers for maintainability and scalability.
- Ensured robust error handling with automated API failover, allowing uninterrupted usage even when connectivity or billing limits affect AI responses.

Experience

Bharath Intern (Virtual)

Jan 2024 – Feb 2024

- Completed a 1-month virtual internship focused on front-end and web development.
- Developed responsive and interactive websites using **HTML**, **CSS**, and **JavaScript**.
- Contributed to real-time project tasks and delivered assignments within deadlines.
- Strengthened skills in **UI design**, **web technologies**, and basic **deployment techniques**.
- Cultivated strong **problem-solving** and **self-learning** abilities in a remote work environment.

Certifications

Azure AI Fundamentals - certified by **Microsoft**

Data Structures Algorithms - Awarded by **Talentio**

Programming using Java - certified by **Infosys SpringBoard**
